1. The minutes of the 14th Meeting of the CIA Career Council were approved as distributed.

2. The Chairman, in reporting on the status of the two Staff Studies, "Promotion and Assignment Policies", and "Manpower Staffing Requirements", (item 2. on the Agenda), stated that the Office of Personnel and the Management Staff were making progress in devising implementing procedures.

3. The Deputy Director (Support) asked that, when the CIA Career Council had approved a regulation or policy paper, that this come to him for authentication and publication without being referred for further review. This would shorten the normal time-consuming co-ordination process. To this the Council agreed.

4. After considerable discussion, the Council rejected the proposed addition to the new Fitness Report (item 3. on the Agenda) and directed that printing of the Report be resumed. It was agreed that the Chairman would report to the Director on this matter, suggesting that the Management Staff be requested instead to devise methods additional to those in force for periodically evaluating the need for individual positions and the over-all size of the work force.

5. The Council approved the three additions to Regulation [REDACTED] (item 4. on the Agenda), which established a Basic Intelligence Career Service, a Support Career Board, and the requirement that each position on a T/O be identified with a particular Career Service.
